

# **Tumbl Trak**

## Do It Again

**Slack Attack!** Slacklining with Gibbon is simple, fun and very addictive! This sport gets anyone moving! Whether in the backyard, park or in the gym within a few minutes any place can be turned into an adventure playground. Available in three styles: Classic, Funline, and Jibline

**The Classic!** A very robust, but flexible line for every *body*! Your Classic slackline can be used as "the portable grind rail" for rollerbladers, skaters and snowboarders!

**The Funline!** The ideal slackline for children! With rubber based prints for added grip and less flexibility, your Funline will be the hit of any birthday party!

**The Jibline!** Perfect for tricks and moves! The super bouncy Jibline allows you to add style and performance to your slackline adventures!

## Slacklines
