Thank you for purchasing our **Just for Kids Slide**. We appreciate your business and value you as a customer.

Our **Just for Kids Slide** comes completely assembled.

This equipment is manufactured of the finest materials and has been thoroughly inspected before leaving our plant. We are sure you will be pleased with its quality, durability and performance.

Please read the following instructions carefully before assembling and using your new equipment, as they pertain to the particular Apparatus you have purchased.

The exclamation mark symbol when seen in this booklet is used to indicate warnings or items that require special attention during the use or assembly of the apparatus.

Assembly, set-up and adjustment of this equipment should only be undertaken by qualified persons. At no time should children or other unqualified persons undertake the assembly, set-up, installation or adjustment of this equipment.

The Spieth America Just for Kids Line is designed and intended for use by beginner level gymnasts under a weight of 150 lbs (68 kg).

1. Just for Kids Slide Assembly

The Just for Kids Slide Assembly consists of:

- 1- **Just for Kids Slide** with Velcro attachment straps.

Fig. 1

THE JUST FOR KIDS SLIDE ASSEMBLY IS TO BE USED WITH ONE JFK LOW BAR ASSEMBLY (364, Fig.1 SOLD SEPERATELY).

To avoid injury, always adjust the height of the Just for Kids apparatus prior to installing any Just for Kids accessory onto the rail.

1. Install the **Slide Bracket** onto the rail as shown in **Fig. 2**.
2. Align the **Just for Kids Slide** in the center of the rail as shown in **Fig. 1**.
3. Secure the **Just for Kids Slide** assembly to the rail by wrapping both Velcro straps around the rail and the bracket tightly (see **Fig. 3 & 4**).

2. Safety

Any activity involving motion or height creates the possibility of serious injury including permanent paralysis and even death, from landing or falling on the neck, head, or other parts of the body.

You assume a risk of serious injury in using this equipment. However, this risk can be reduced by strictly following these rules at all times.

1. Use this equipment **only** under the supervision of a trained and qualified instructor.
2. This equipment **must be used only when protected by proper matting as recommended by the Federation of International Gymnasts (F.I.G.). If in doubt concerning proper matting, do not use this equipment.**
3. This equipment **must be used with proper spotting equipment and qualified spotters suitable to the activity or skill.** Always consult an instructor.
4. **Know your own limitations and the limitations of this equipment.** Follow progressive learning techniques and always consult an instructor.
5. **Always inspect this equipment for proper stability before each use.**
6. **Always inspect this equipment for loose fittings and parts. Replace any worn, defective or missing parts.**
7. **Always inspect this equipment for improper or unsafe installation. If in doubt, do not use this equipment.**
