Tumbi Trak
Train Smart

STEP 1 – Remove contents from the box and lay out as shown. Align legs with Velcro on the bottom of the beam.

STEP 2 – Flip the beam over and slide the beam into the legs. Make sure to push down until completely secure.

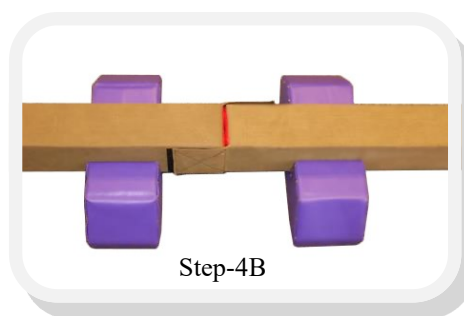

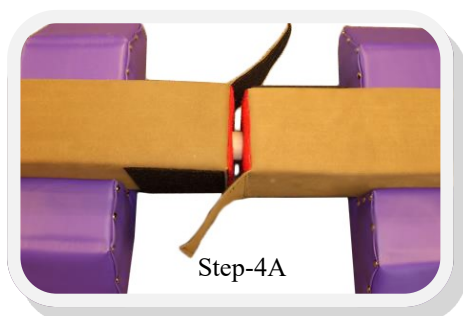

Connecting Two Brianna Beams

STEP 3 – (3A) Find the wooden peg that was with your shipment and open the Velcro flaps at the end of both beams to expose holes.

STEP 4– (4A) Slide the two beams together. (4B) Secure the Velcro straps on the sides of the beam.
